I think we'll all be roughed.
We want to see that every man
Is collared and then cuffed.

MAYSVILLIANS HONORED

Two of Our Local Bankers Elected
To Office in Kentucky Bank-
ers' Association.

At the meeting of the Kentucky Bankers' Association held in Frankfort this week, two of Maysville's favored sons were honored by being elected as officers to that distinguished organization. Mr. H. C. Sharp, of the State National Bank, was elected to the one-year term on the Executive Committee, while Mr. N. S. Calhoun, of the Union Trust & Savings Company, was made president of Group Nine, of the Association.

Maysville feels proud of this honor being conferred upon these gentlemen, and The Ledger extends the hand of congratulation to "Ham" and "Sud." Keep a-going, gentlemen, "we are for you."

BALL GAME SUNDAY.

The Regulars, of this city, are practicing hard each afternoon, preparing for their game with the Manchester Button Makers Sunday afternoon. This game, it is said, will be the best of the season, as the Regulars wish to get revenge on the Button Makers for the defeat administered to them some time ago, while the Manchester crew wishes to show their superiority to the Regulars in all departments.

Manager Lee Dinger, of the Regulars, will probably use Jack Frost on the mound, with Dice as the receiving end of the battery. Covert, who has had several tryouts with minor league teams, will be the man in the box for Manchester, with Riggs behind the plate. This game will probably end the baseball season in this city and for this reason many should attend.

STILL THEY COME.

To date there are about thirty candidates for the City Council, and more are announcing themselves every day. The Sixth Ward leads with ten prospective Councilmen, with the Fifth a close second. Every Ward but the Third has more than two candidates out for honors.

LITERARY PROGRAMS SOON TO BEGIN.

The programs rendered at stated times throughout the year by the Literary Societies of the Maysville High School will soon begin, the first number being in a few days.

NEW ADDITION.

Beautiful Lots Soon To Be Sold—
Most Convenient Purchase-
able Land In City.

The Western Realty Company, of Louisville, are busy these days working on the new addition to be opened in a few days. The addition will be made of the land purchased from the Sallee heirs and from M. J. Donovan, and is situated in East Maysville, between Prospect street and the ball park. The plots are being laid off and about forty lots will be made. These lots are by far the best bargain ever offered to the real estate purchaser in this city for some time. It is the plan of the promoters to run a street from East Second street south to Forest avenue, dividing the plot into two equal parts. Williams and Elizabeth streets will also be extended, until every lot will face a street and have a rear entrance. These streets will have the conveniences of the downtown streets, having a most complete system of sewers, gas pipes, etc. These lots will be for sale on Tuesday, October 19, and are expected to sell fast, as they are the last of the choice building lots for sale in this vicinity.

PARIS HAMILTON,

The Young Man Who Killed the
Brookville Marshall To Be
Surrendered.

(Augusta Chronicle.)

The Chronicle has it from its grapevine wireless that the relative of Paris Hamilton, who killed Nim Showalter, marshal of Brookville, June 14, has employed Attorneys John P. McCartney, of Flemingsburg, Robert Bucklet, of Mt. Olivet, and M. Hargrett, of this city, to defend him, and that the young man will be surrendered by them for trial. While we consider this tip reliable, we are unable to learn the exact time when the surrender will be made.

TO MEET AT AUGUSTA.

Ebenezer Presbyterial Will Hold Its
Sessions There October
18, 19 and 20.

The Ebenezer Presbyterial will meet in the Augusta Presbyterian church October 18, 19 and 20. This is a woman's council of all the church societies in the Presbytery. Mrs. Archibald Davis, of Atlanta, president of the General Woman's Council, will be on the program. Mrs. Graham, of China, will give an address. The home talent with the local church will give a pageant on Monday night, October 18.

Mr. R. K. Dudley and Mr. W. N. Fant, of Flemingsburg, motored to this city Thursday in Mr. Fant's new Stutz auto.

DOMESTIC SCIENCE

In Colored Schools Need Money,
Aprons and Cooking
Utensils.

The good white people have already given \$42 of the \$75 asked for. We must have the rest of this \$75, which is \$33, by next Wednesday, October 13, the day when the installation of the domestic science fixtures must be paid for. This includes everything essential for a modern domestic science department.

We would like very much indeed for some friends to give us a dollar or two each on this amount—\$33. Put a paper dollar or two in an envelope and send it to Prof. W. H. Humphrey, Box 265, with or without your name, or call 'phone 548 and we'll be glad to send some one after it. We shall not publish or make known your name under any conditions. Now, please do not fail in this by thinking there will be enough without yours.

Those who do not care to contribute money please give any number of the 125 yards of the India linen, which we shall need for aprons. We have fifty girls to take the domestic science course, ranging in ages from 10 to 19. Each one of these girls needs two aprons of two and a half yards each. Miss Lydia Walker will help the girls make these aprons free of cost.

Those who are not inclined to give either money or goods for aprons, please furnish us with some of the following cooking utensils: One large boiler for soup, four salt-shakers, four pepper-shakers, four double stewers, four yellow gallon bowls, four yellow half-gallon bowls, four dishpans, four measuring cups, four long handle wooden spoons, four paring knives, four strainers, four rolling pins, four skillets, one toaster, four iron muffin rings, four biscuit pans, one potato strainer, one bread crumb crusher, one large garbage can, one waste basket, four stools, knives, forks and plates. Sincerely yours,

W. H. HUMPHREY,
Box 265, 'phone 548.

ROBERT C. NASH

Is Anxious To Be a Councilman
From the Second Ward.

We are authorized to announce Mr. Robert C. Nash as a candidate for Councilman from the Second Ward.

"Bob" is about the best advertised young man in Maysville, as any way you look you see his name on an artistic sign; and as it is successful young business men like Bob who make good officials in a legislative way—who know how and when and to the best advantage to spend money—we say the Second Ward voters will make no mistake by sending Bob Nash as their representative in the Halls of Congress of this city.

MAYSVILLE GIRL LANDS LUCRATIVE POSITION.

Friends in this city have received word from Miss Frances Geisel, of this city, who is attending State University at Lexington, telling them of her appointment to the position of Domestic Science Supervisor of the Georgetown High School. Miss Geisel is the daughter of Mr. and Mrs. C. Ed. Geisel, and was graduated from Maysville High School in 1912. She has been attending State University for three years and will be graduated from that institution next year. Her work was of such high order that when the Board of Education of Georgetown decided to install domestic science in their schools, Miss Geisel was chosen from a large class of students taking that subject at State University.

NUN TRIED FOR LUNACY.

Thursday, Sister Wilfrid, of the Sisters of St. Francis, in private life, Anna Gand, aged 23, was tried before a jury on a charge of lunacy. After questioning her the jury ordered this morning she was taken to the St. Joseph Sanatorium at Dubuque, Iowa. Sister Wilfrid's actions have been peculiar for several years. Sunday she disturbed the services at St. Patrick's church, and becoming violent, was removed to the home of the sisters, on Fourth street. Medical aid was summoned but nothing could be done for her and the above action resulted.

GYPSIES IN TOWN.

Thursday, the residents of this city were bothered by a band of gypsies who canvassed the city, telling fortunes and selling goods made by them. Quite a little money was realized by the wanderers from the "easy marks" in this locality.

Mr. and Mrs. W. J. Neal are visiting Mr. and Mrs. Ben Umstad, of Ewing, this week.

SOCCER FOOTBALL GAME THIS AFTERNOON.

This afternoon at League Park, the soccer football teams of the freshman and junior classes of the Maysville High School will lock horns. The game promises to be fast, as both teams have played a tie this season and with this in view, a hot contest is assured. Play will be called at 3 o'clock by Prof. G. C. Mance, who will act as referee.

WORLD'S SERIES STARTS TODAY.

The world's series between the Philadelphia team of the National League, and the Boston team of the American League, starts today at Philadelphia. Grover Alexander and Leonard will probably be the opposing pitchers. Dopesters have picked the Boston crew to win the series.

Mr. B. R. Neal has returned home after visiting his parents, Mr. and Mrs. N. J. Neal, of the West End.

Mrs. E. H. Maas and children are visiting Mr. T. E. Neal, of Holman avenue, Covington, this week.

A Graduate Gossard Corsettier

To acquaint you with the wearing service, comfort, perfect fit and distinctive style of the original Gossard front-lacing corset, we invite you to meet at this store next Monday, October 11th, a Graduate Gossard Corsettier—a woman trained in Gossard school.

Gossard Corsets should be fitted just as carefully as shoes, suits and dresses are fitted, therefore we have secured an expert Gossard Graduate to assist Miss Higgins in Gossard fittings next Monday. You can depend on her judgment. She knows each model and the easiest, quickest way to fit you. There is a Gossard Corset for every figure and a Gossard price for every purse. Some models cost but \$2, others are \$3.50, \$5, \$6.50, \$7.50. Fall models are not extreme. All are youthful in effect. And in addition to their hygienic and exclusive style features, the new Gossard corsets offer a selection of materials that are at once smart and beautiful. It will be a pleasure to give you a trial fitting. May we expect you next Monday?

IMPROVE EAST SECOND STREET.

We wonder what is the matter with the city officials and East Second street? It is a disgrace and a shame that our city should have such a poor street as we have in the East End. Is it any wonder that the Fifth and Sixth Wards have so many candidates for Council at this election? The citizens of that part of Maysville need something to wake up the city officials. Here is a street that is perhaps traveled more than any other in our city, and yet its condition is deplorable. In another month or so the tobacco markets will open up in this district, and when the heavy traffic begins the street will be so worn with ruts and bumps that will make it worse than a ploughed cornfield for travel.

We do not know who is to blame in this matter, but we do know the city officials should take cognizance of this state of affairs and find some way to remedy this evil and repair the street.

Come, officials, and start something that will improve this thoroughfare.

NEEDED—A leader to start a Business Men's Club in Maysville. Don't all apply at once for the job.

THE CITY'S REGISTRATION.

The registration on last Tuesday showed the people of Maysville were not asleep, and that they would be on the job on November 2 to express their opinions.

The total registration of the Republicans showed an increase of thirty-five over that of last year, while the Democrats registered eighty-five more than in 1914. These figures argue well for both parties and indicate that the coming election will be fought out on a close basis. There was a falling off in some of the wards of the Independent registration, and gain in others. The total gain in Independent registration over the previous year amounted to two.

It is conceded that many of these Independents will vote the Republican ticket, as will also a number of Democrats, who are tired of the condition of affairs at the State capital.

The Republicans of the State are raising so much hades through their noisy organs about the treasury deficit, the nine days' wonder is that so many aspirants are aching to hold an empty bag for the next administration.—Lexington Herald.

It is not the "empty bag" the Republicans want to hold, but they want to stop the State from going backward and keep the people from holding the "empty bag." They want progress not retrogression. With Republicans in power they will stop the leaks and build anew.

The night school is a move in the right direction. There are boys and girls, young men and women, who are at work though they feel the need of a better education. This will give them the opportunity to obtain advantages that they failed to get when youngsters. Push the night school.

Unavoidable Loss.

When the spinster aunt began to ask questions she always kept at least one person engaged with little chance for any other word than direct answers.

"What's become of that kitten you had the last time I was here?" she demanded of her small nephew. "I hope she wasn't poisoned like the other one you had two years ago."

"No, she—"

"Don't tell me she was drowned."

"No, she—"

"Stolen?"

"No, she—"

"Well, I'd like to know what made you give away such a handsome kitten."

"We didn't—she's—"

"Well, what's happened to her—speak up!"

"She's growned into a cat!" gasped the boy.—Exchange.

WOMEN WHO ARE ALWAYS TIRED

May Find Help in This Letter.

Swan Creek, Mich.—"I cannot speak too highly of your medicine. When through neglect or overwork I get run down and my appetite is poor and I have that weak, languid, always tired feeling, I get a bottle of Lydia E. Pinkham's Vegetable Compound, and it builds me up, gives me strength, and restores me to perfect health again. It is truly a great blessing to women, and I cannot speak too highly of it. I take pleasure in recommending it to others."—Mrs. ANNIE CAMERON, R.F.D., No. 1, Swan Creek, Michigan.

Another Sufferer Relieved.
Hebron, Me.—"Before taking your remedies I was all run down, discouraged and had female weakness. I took Lydia E. Pinkham's Vegetable Compound and used the Sanative Wash, and find today that I am an entirely new woman, ready and willing to do my housework now, where before taking your medicine it was a dread. I try to impress upon the minds of all ailing women I meet the benefits they can derive from your medicines."—Mrs. CHARLES ROWE, Kennebec, Maine.

If you want special advice write to Lydia E. Pinkham Medicine Co., (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

VISITED OUR SCHOOLS

And Were Served With One of Those Delicious High School Dinners.

(Ripley Bee.)

Miss Esther Greenhow, of the First Grade, and Miss Vernon Wylie, of the Seventh and Eighth Grades of our school, visited the Maysville, Ky., schools last week and were cordially received by the teachers of all the grades visited. At the noon hour they took luncheon with Miss Mary Robert Lloyd, one of the teachers in the High School building. The meal was served by the High School girls domestic science class.

QUEEREST FENCE IN WORLD AROUND JOHNSTOWN FIELD.

One of the queerest fences in the world is to be found around a baseball diamond in Johnstown, Pa., where the Conemaugh team, amateur champions of that city, play.

After every game, the ground-keeper removes the right and left field fences by sliding huge fifteen-foot sections, hung like barn doors, into sheds erected at the end of first and third base foul lines.

The park in which the amateur champs play is used as a recreation center and play spot for the kiddies, when there is no contest under way. It is the only level stretch upon which baseball can be played in Johnstown.

Birth, marriage and death are the three important epochs in life, but we occasionally have a few side thrills thrown in.

COFFEE A NARCOTIC AND DOPE WITH OPIUM

Well known medical writer declares coffee, like opium, holds victims in pitiless grasp.

"I would like to make everyone thoroughly understand that coffee is a narcotic—a very strong narcotic, too," says Dr. C. S. Carr, in a communication to the Ohio State Journal.

"There is no drug in the pharmacopoeia that has a more powerful effect upon the brain centres than coffee. Coffee is a dope and narcotic almost equal to opium. To be sure, it does not produce at once the mental disaster that opium does. Slowly but surely it gets control of its victim and holds him in its grasp, a pitiful, helpless victim."

NOTE.—The food-drink, Instant Postum, while much resembling the higher grades of Java coffee in flavor and appearance, is absolutely free from the coffee drugs, caffeine and tannin, or any other harmful ingredient. Pure, wholesome, harmless, palatable, economical, this delicious food beverage is rapidly taking the place of coffee in homes where health is a prime desideratum.

LEBUS RE-ELECTED.

President of Burley Tobacco Company—Mason County Lady One of the Officers.

Clarence LeBus, president of the Burley Tobacco Company since its incorporation, was again chosen president of the company, with the old directorate and executive committee practically intact, at an all-day meeting of the stockholders of the company in continuous session yesterday at the offices of their mammoth warehouse in Lexington.

After hearing a report from the proxy committee showing the company to be wholly solvent, the passage of a resolution condemning the action of agitators in seeking a dissolution of the company, and another reducing the salary of the president from \$10,000 to \$6,000, and the compensation of the executive committee from \$1,800 each the year to \$1,000 each the year, the meeting adjourned.

Officials of the company, as chosen are as follows:

President—Clarence LeBus.
Vice President—A. L. Ferguson.
Secretary—John W. Hall.
Assistant Secretary—Miss Besse Osborne, of Mason county.
Executive committee—re-elected were A. L. Ferguson, C. C. Patrick, C. H. Berryman, Lister Witherspoon, U. G. Saunders, S. A. Shanklin and Fred Stuey. The directorate is composed of the president and the executive committee and Scott Brown, M. H. Bourne, H. W. Taylor, John T. Collins, J. C. Hughes, W. M. Robb, A. N. King, Benjamin Mylor, J. R. Boles, B. A. Thomas, F. A. Griffith, W. M. Mathers, Ben Franklin, Clover Kyle, John C. Pirtle, Jeff Knight, John F. Fryer, Ollie M. Troutman, Ben Wright, John Fisher, Edgar Jones, Asa Bean and O. C. Chapman. The new members of the directors' meeting are John Fisher, Jeff Knight, Benjamin Mylor and H. W. Taylor, superseding V. T. Craig, G. H. Franklin, E. S. Best and A. Dudley.

President LeBus, with the executive committee and the board of directors, were re-elected by a vote of 310,143 ballots. L. S. Hunter, of Versailles, put forward as an opposition candidate for a lone place on the directorate, was defeated, receiving 3,881 votes. His name was presented by Judge J. T. Wilhoit, of Versailles, who led the fight for the minority.

Corporation Wholly Solvent.

In a voluminous report submitted by the proxy committee, with the assistance of C. W. Banta, expert accountant, it was made plain that the corporation is wholly solvent, and that each branch of its business is firmly established on a paying basis. The report shows that the Louisville factory, which for many years was a money losing investment, now is safely on a profit making basis.

Profits accruing from the operation of the company's seventeen loose leaf warehouses offset this and kept the corporation in active operation on the tobacco market.

The reduction of the salary of the president from \$10,000 to \$6,000 annually, the limiting of the expenses of the executive committee to \$10 a day and not to exceed \$1,000 a year, was ordered by the stockholders upon recommendation of the proxy committee, which likewise acted at the instance of the president and the committee-men themselves.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, it requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

PRaise FOR BRACKEN'S COURT-HOUSE.

(Ripley Bee.)
Attorney E. R. Young and R. L. Netherlands were in Brooksville, Ky., last week, and had occasion to visit the new courthouse. They report that Bracken county has an up-to-date county building, and for modern equipment, convenience and architectural beauty has no equal in this part of the country, which together with an excellent and courteous set of officials, the people of the county may well feel proud. The files of the county have been kept since it was a part of Virginia, the first writ issued in the year 1797 being a part of the records, and still intact.

UNCALLED-FOR DELAY

Caused Deputy State Road Engineer Smith To Lose His Job At Ashland.

Uncalled-for delay on the paving of the Ashland-Catlettsburg pike, known as "State Aid Road No. 4," has caused the Boyd county authorities to prefer charges against Deputy State Road Engineer R. E. Smith, in charge of the work, and the State Department to remove Smith from office, appointing in his stead City Engineer Fred Gosling, of Ashland.

Much complaint has been made to the Boyd county authorities because of the delay in the Ashland-Catlettsburg work, the road, one of the most traveled in Eastern Kentucky, having been blocked two months or more.

"Safety first," said the wise man as he kissed his own wife.

BIG THINGS

Are Being Seen By Editor Duley of Flemingsburg—Two of Them.

Our friend, O. K. Graham, of Hillsboro, sent us Monday the best ear of white corn we have seen so far. Length thirteen and a quarter inches, circumference eight and a half inches, eighteen rows, sixty-five grains to the row, total 1,170. Weight one pound and fourteen ounces.

It was well filled to the tip and was no doubt grown in Locust Creek bottom. The seed was procured through W. H. Clayton and is Johnson County White.

R. W. Meadows brought to this office this week a fine specimen of the single-bloom sunflower, the face of which is forty-two inches in circumference, weighs four pounds and ten ounces, and every seed intact and sound. This specimen, when in its full growth and with its fringe of golden petals nodding to the morning sun, would no doubt outrival any sunflower ever dreamed of by an Oscar Wilde.

WATER-WORKS FOR FLEMINGSBURG.

That City's People Showing a Splendid Spirit of Progressiveness.

(Flemingsburg Times-Democrat.)

At the regular meeting of the City Council Monday night, H. C. Babbitt, of Columbus, O., was employed to make plans and specifications for two sources of water supply for prospective water works for this city. One plan will be to utilize the waters of Fleming creek, while the other is to build a dam at some of the watersheds north or west of the city. Our people, it seems, have awakened to the fact that water works here are a necessity and can not be put off much longer, and it will no doubt soon come up for a vote of the people as to whether or not bonds shall be issued for building same. When the proposition was before our voters two years ago many people who are now pledged to support the measure voted against it. Let our city dads push the matter along.

GREENUP JAILER INDICTED.

Had Eleven Barrels of Confiscated Beer in His Possession and Failed to Account For It.

The grand jury of the Greenup County Circuit Court last week returned 1,900 indictments.

Two of them were against Jailer Stewart of Greenup, for having eleven barrels of beer in his possession and failing to account for same. The beer was that which was confiscated by the Greenup county officials from two Ironton men who were hauling it to Greenup for delivery and the grand jury reported that it had investigated and could find but six bottles of the beer, whereas there should have been 1,600 to 1,800 bottles, the half-dozen having been faithfully sponsored by County Attorney Nichols.

Jailer Stewart has not yet come forward with a statement, being reported ill at his home, which is not to be wondered at if he swallowed all that "suds."

The Flemingsburg Light & Ice Company is contemplating installing machinery for producing an alternating current which will enable them to extend their lighting system to Elizaville and Ewing. This would undoubtedly be a great improvement for that entire vicinity, as electricity is much cheaper than any other lighting system and all farmers living near the two places could avail themselves of the opportunity of securing the many advantages this progressive achievement would offer.

With furs accepted by the women as "the" thing for summer wear, the Detroit Free Press suggests the palm leaf fan for winter wear, provided the weather gets cold enough.

Don't begrudge a nickel to the beggar. It may come back to you some day when your own hand is extended.

HAMILTON (O.) COUPLE WEDDED.

William A. Handcock, aged 24, a mechanic, and Miss Shirley Sorber, aged 21, both of Hamilton, O., were granted a marriage license Thursday by County Clerk James Owens.

An enterprising American went over to England and decided to open a shop in London. He obtained premises next door to a man who also kept a shop of the same description, but was not very pushing in his business methods, preferring to jog along in the old conservative way.

The methods of the newcomer however, caused the old trader to wake up, and with the spirit of originality strong upon him, he affixed a notice over his shop with the words:

"Established fifty years," painted in large letters.

Next day the American replied to this with a notice over his shop to the following effect:

"Established yesterday; no old stock."

Mr. and Mrs. Wallace Reese, of Winchester, Ky., were in this city Thursday for a short visit. Mrs. Reese will be remembered as Miss Marie Hanselmann, for six years Supervisor of Music in the schools of this city. They returned to their home in an auto.

Anent the statement that Oregon has an ass that chews tobacco the opportunity to say something "fresh" is so apparent that the Herald man has decided to let some other idiot take a crack at it.

Mr. and Mrs. T. E. Neal and children returned to their home at Covington after visiting friends and relatives.

Mr. J. Barbour Russell was a business visitor in Vanceburg Thursday.

Mr. J. E. Duncan, of Flemingsburg, was in this city Thursday on business.
